Sustainable Society Initiatives

We use Rainforest Alliance certified products for our regular coffee and tea.

What are Rainforest Alliance Certified products?

The products are made from raw materials produced in a sustainable manner, including environmental conservation, maintenance of biodiversity, and respect for workers' rights, and are certified by a third-party organization. The products are certified by a third-party organization.

• Natural mineral water in metal bottles (400 ml)

Drawn from 250 m underground in Oita Prefecture's Kanagoe mountain range, these are label-less to be more environmentally friendly.

• Fuji mineral water in paper cartons (330 ml)

These use approximately 74% less plastic than PET bottles.
